Sundry Debtor No ..... Installation No .....

# BACKFLOW PREVENTION DEVICE APPLICATION

## STANDARD CONDITIONS FOR APPROVAL

- **DEVICE INSTALLATION AND COMMISSIONING.** Any plumber licenced to work on Water Supply may install a backflow prevention device. However, the commissioning, testing and maintenance of a testable device can only be carried out by a plumber with endorsement under Section 221N of the *Building Act 1993* to carry out Specialised Plumbing (Backflow Prevention) Work.
- **DEVICE AGREEMENT.** A Backflow Prevention Device Agreement must be signed by the owner of the property to acknowledge their responsibility to maintain the device, including organising for a qualified plumber to carry out the annual testing required under Section 4.4.6 of AS 3500.1
- **APPROVAL.** Please allow TWO working days for approval, processing and return of this application. Applications will be processed in the order in which they are received.
- **INFORMATION SUPPLIED.** The Corporation aims to process all applications within the two-day period. However this will be delayed if the applicant supplies insufficient or incorrect information. Please provide as much detail as possible on the property address and location - attach a plan of subdivision or a plan showing the nearest streets etc, if necessary.
- **HEADWORKS CHARGES.** Any applicable headworks charges **MUST** be paid before this application will be approved. Please notify the Property Services Department when the headworks charges have been paid, otherwise this application will remain unprocessed.
